Training Resources Available on the Internet

(2026 TRAIIntro)
Reviewed: 01/02/2026

What is TRAIN?

TRAIN - Training Resources Available Internet is the Department of Justice initiative that makes TIME System training available online. TRAIN was developed to help agencies meet the federally mandated training for TIME System access. TRAIN allows agency staff to obtain initial TIME certification via the Internet and allows personnel to re-certify at any location with Internet access. TRAIN also makes individual training records available online for each agency to access as needed. We encourage agencies to utilize the various functions of TRAIN that meet their needs to the fullest extent.

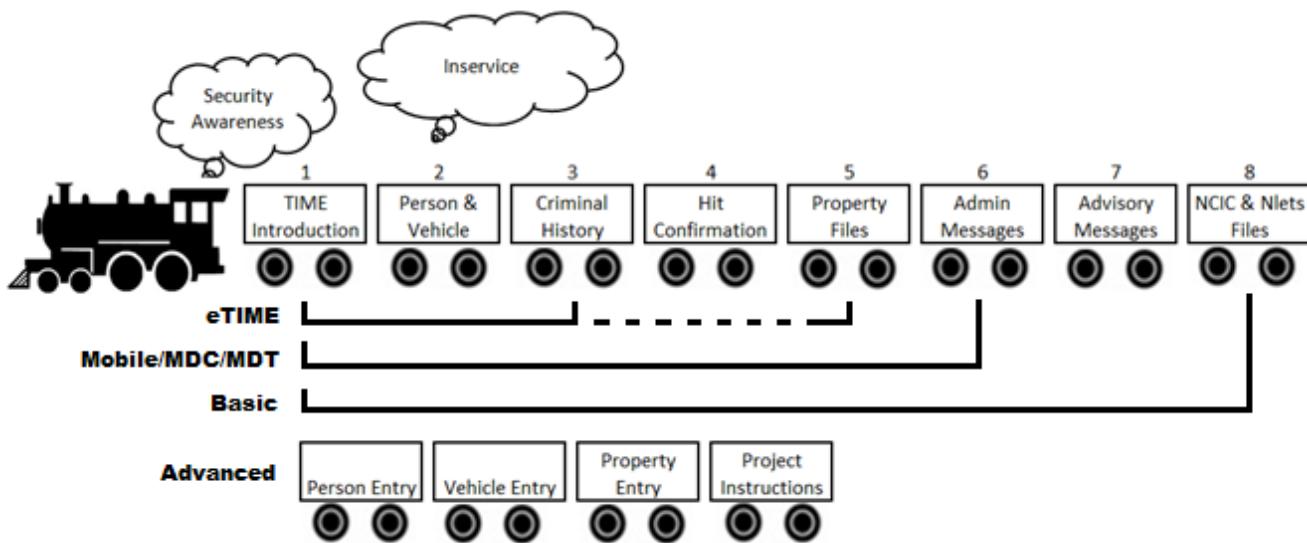

All persons holding any TIME System certification are in the TRAIN database and identified as a user, also referred to as a learner. *Agency personnel not in the TRAIN database will need to be added prior to online registration.* This can be accomplished by sending an e-mail to cibtrain@wisdoj.gov and must include the following: the person's complete last name, first name, middle initial, agency, and job/certification level. Also include any alias, maiden or former names the person has used, and include the agency names of any other Wisconsin criminal justice agency that the user is working/has worked at. Each agency that wishes to become involved with TRAIN must assign at least one TRAIN administrator. These local agency administrators will have authorization to register for training, generate reports and assign training. Your agency's TIME Agency Coordinator (TAC) can assign a TRAIN administrator by sending a request to cibtrain@wisdoj.gov.

New Terms for Existing Concepts

The TRAIN software uses some new terms for some established TIME System training concepts. Each person is referred to as a *learner*. Learners must achieve a level of TIME System certification which reflects their use of the system: eTIME, MDT/MDC, Basic, Advanced, etc.

Certifications are obtained in one of two ways. Learners may either attend a class or they may complete an online module. In either case, a learner must demonstrate their knowledge by passing an exam. If they successfully do so, the knowledge they have demonstrated is documented in this database as a certification they have acquired. Online certifications acquired mirror the topics covered in TIME System training. Certifications acquired expire biennially, two years from the date they were acquired. TIME System Validation and TIME Agency Coordinator (TAC) certifications are non-expiring. Agency Assigned Instructor certification expires when the individual's Basic or Advanced certification expires. Security Awareness Training and Local Agency Security Officer (LASO) expire annually.

Initial MDC and Basic Training is available via TRAIN. Basic and MDC certification training has been broken down into individual modules. Each module covers a specific topic in detail, and includes test questions about the material covered. Once the user successfully completes a module they acquire the associated certification. eTIME Certification requires the completion of Modules 1, 2, 3, and 5. Users may certify in only the modules applicable to their job duties. Additional modules will be required for eTIME as additional transactions are added. To successfully achieve MDC certification using TRAIN, personnel must complete modules 1-6. Basic certification is achieved by successfully completing modules 1-8.

Advanced Time System Training is also available via TRAIN and consists of three instructional modules and one project module. These modules are for personnel who have successfully attained Basic TIME System certification and will perform entry, modify, supplement and cancel transactions.

Offering TIME System certification via TRAIN provides agencies with another way to comply with federal regulations and policy. TRAIN also allows agency personnel to take recertification exams online for the eTIME, MDC, Basic or Advanced level certifications.

In summary, an employee accessing the TIME System requires specific certifications to be acquired. The certifications are obtained when the employee completes the required courses. The courses are broken down into individual classes or modules.

Accessing TRAIN

TRAIN may be accessed directly at <https://ealogin.justice.wisconsin.gov>.

TRAIN can also be accessed via www.wilenet.widoj.gov. Click on the Crime Information Bureau link under Resources. On the CIB page, click on the first option "TIME System Training Materials-Manuals-Forms" and scroll down until you see the blue "TRAIN website>>" button. Click on it. This will take you to a page titled "TRAIN – Training Resources Available Internet". You do **not** need to log onto WILENet to access TRAIN.

Scroll to the bottom of the page and click on the hyperlink in the sentence "To access the TRAIN logon click [here](#)"

The screenshot shows the WILENET homepage with the seal of the Wisconsin Department of Justice. The navigation bar includes links for Training and Standards, MFCU, Employment, Resources (which is highlighted with a blue box), and Register. A dropdown menu for Resources lists Law Enforcement Bulletin, Crime Information Bureau, Division of Forensic Sciences, and Tribal Law Enforcement Agencies. Below the navigation bar, the "Crime Information Bureau" page is displayed. On the left, a sidebar lists links for TIME System Training Materials-Manuals-Forms, TIME System Audits, Newsletters, eTIME Browser, TIME System Worksheets, TIME System Rates, and Contact List. A red arrow points to the "TIME System Training Materials-Manuals-Forms" link. The main content area for the CIB page includes a brief description of the bureau's responsibilities and a "TRAIN Website>>" button at the bottom.

Home > Crime Information Bureau

Contact List

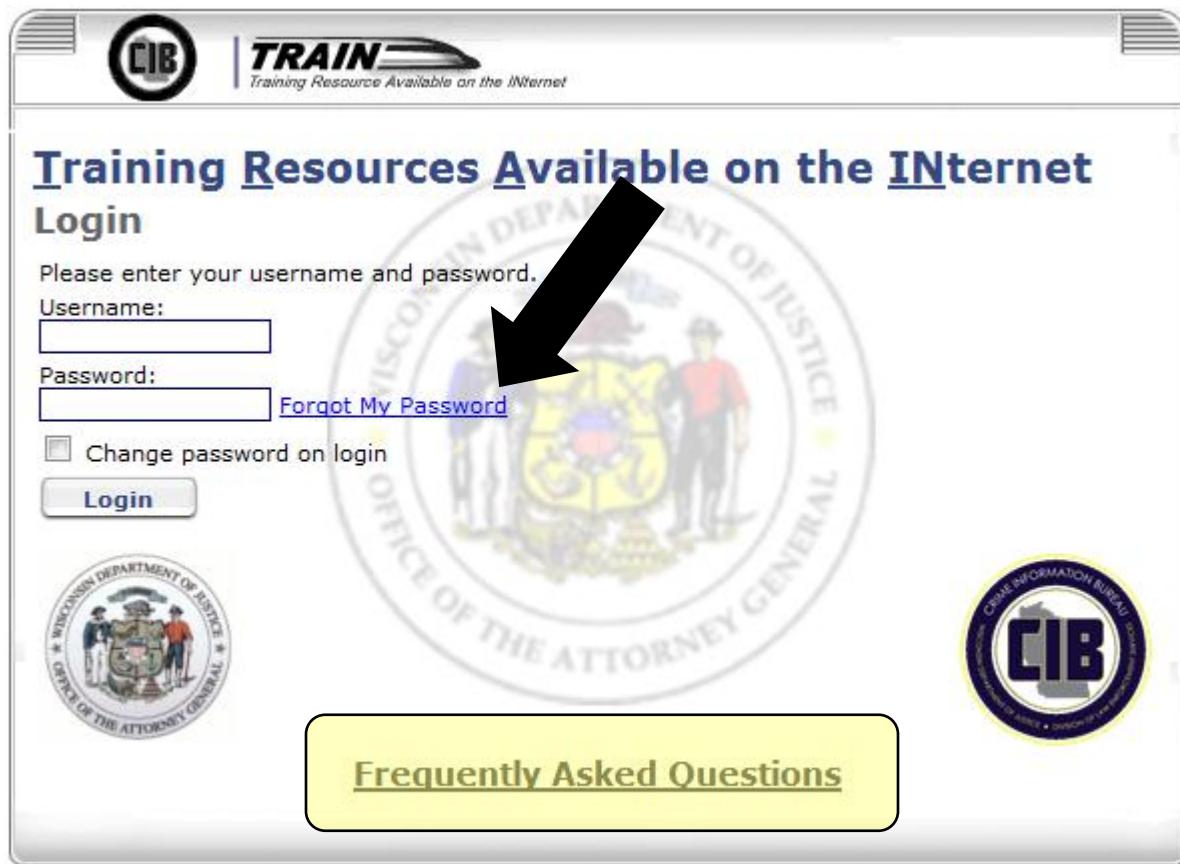

Crime Information Bureau

The Crime Information Bureau (CIB) is responsible for four primary statewide programs: Transaction Information for the Management of Enforcement (TIME) System, Handgun Hotline, Carry Concealed Weapons, and the statewide criminal history repository. CIB's mission is to provide access to these programs and data to our users in a timely and accurate manner. CIB consists of four separate work units plus the Director and Deputy Director. The work units include: TIME & Technical, TIME System Control Center (TSCC), Criminal History, and Firearms.

TRAIN Website>>

You will then be presented with the TRAIN logon screen. You must enter your unique user name. If you do not know your user name, contact your agency TRAIN administrator to obtain it. First time users should enter the password provided by their agency TRAIN administrator or TIME Agency Coordinator in the password field and click on 'Log On'. You will then be prompted to assign your own password.

If you have forgotten your password, you must click on the "Forgot My Password" link shown below and correctly answer your challenge question

If you answer your challenge question correctly, you will be allowed to change your password.

There is also a link on the logon screen (shown above) for "Frequently Asked Questions" which may provide help if you are having problems accessing the TRAIN System.

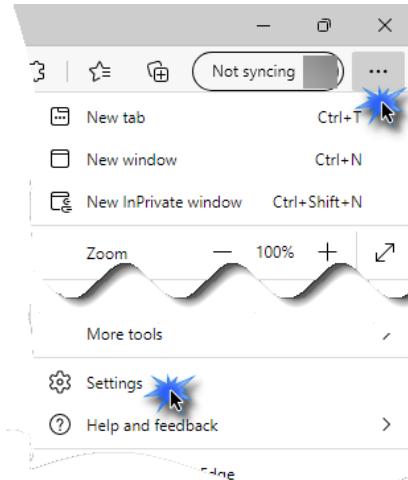

NOTE: Your user name and password for TRAIN are the same as those assigned for access to the Portal XL software and the eTIME browser. They may **not** be the same as those assigned for access to WILEnet.

TRAIN and the Internet

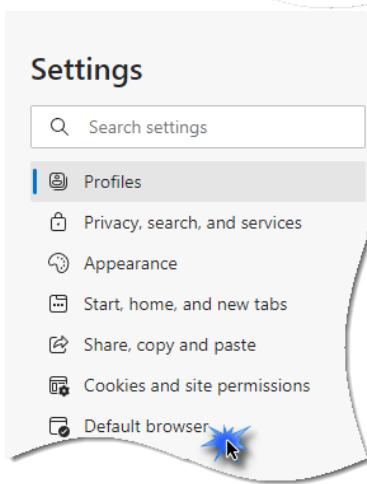

In order for Portal and TRAIN to function properly, they need to run in Internet Explorer (IE). Microsoft has replaced Internet Explorer with Edge and no longer supports IE. This guide shows you how to change settings in Edge to enable IE mode so that TRAIN and Portal functions properly. **NOTE:** This setting expires automatically after 30 days. You will need to repeat these steps every 30 days.

SET EDGE TO INTERNET EXPLORER MODE

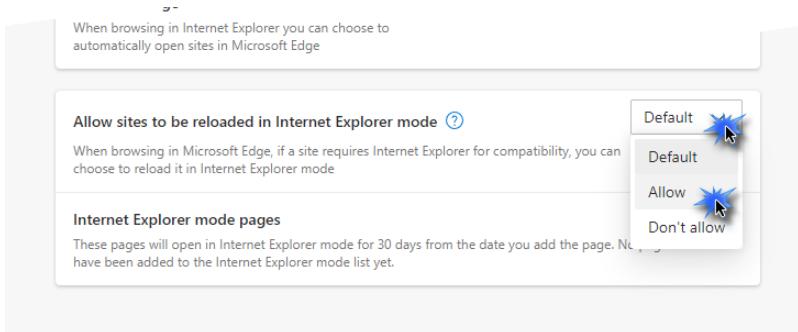

1. Open Edge
2. Click the ... button on the far right of the tool bar

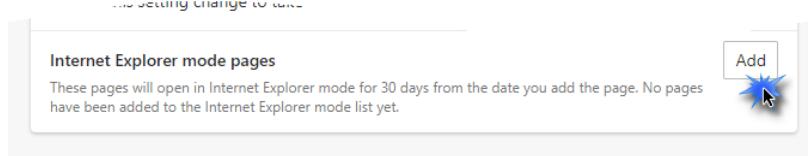

3. Click **Settings**

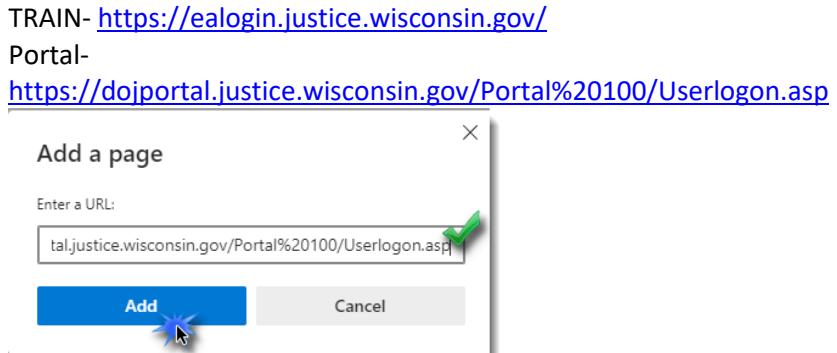

4. Click **Default Browser** in the left navigation bar
5. Click the drop-down arrow for **Allow sites to be reloaded in Internet Explorer mode**

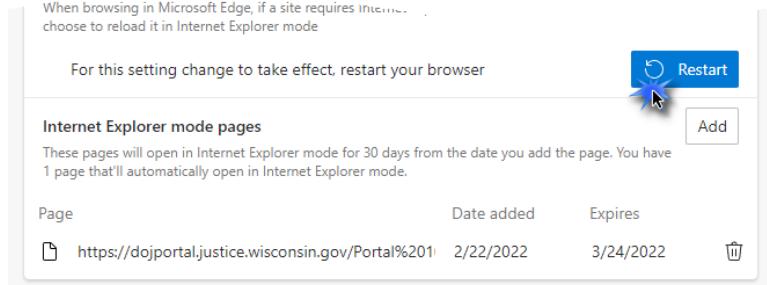

6. Click **Add** next to **Internet Explorer mode pages**

7. Copy the URL to the right
8. Paste the copied URL in the text field
9. Click **Add**

10. Click **Restart** to apply these settings

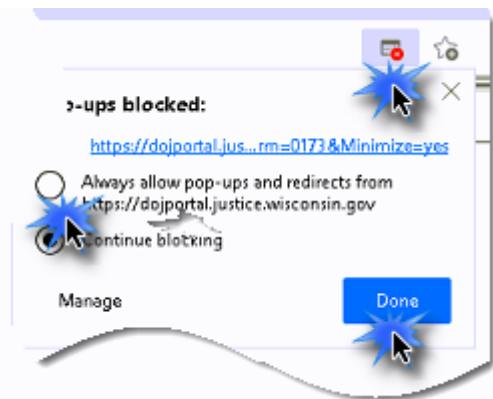

NOTE: This setting expires automatically after 30 days. You will need to repeat these steps every 30 days.

ACCESS PORTAL AND TRAIN AND ENABLE POP-UPS

Edge has a built-in pop-up blocker which may interfere with the logout process and other messages from Portal and TRAIN. It is important to always allow pop-ups and redirects. To allow pop-ups and redirects:

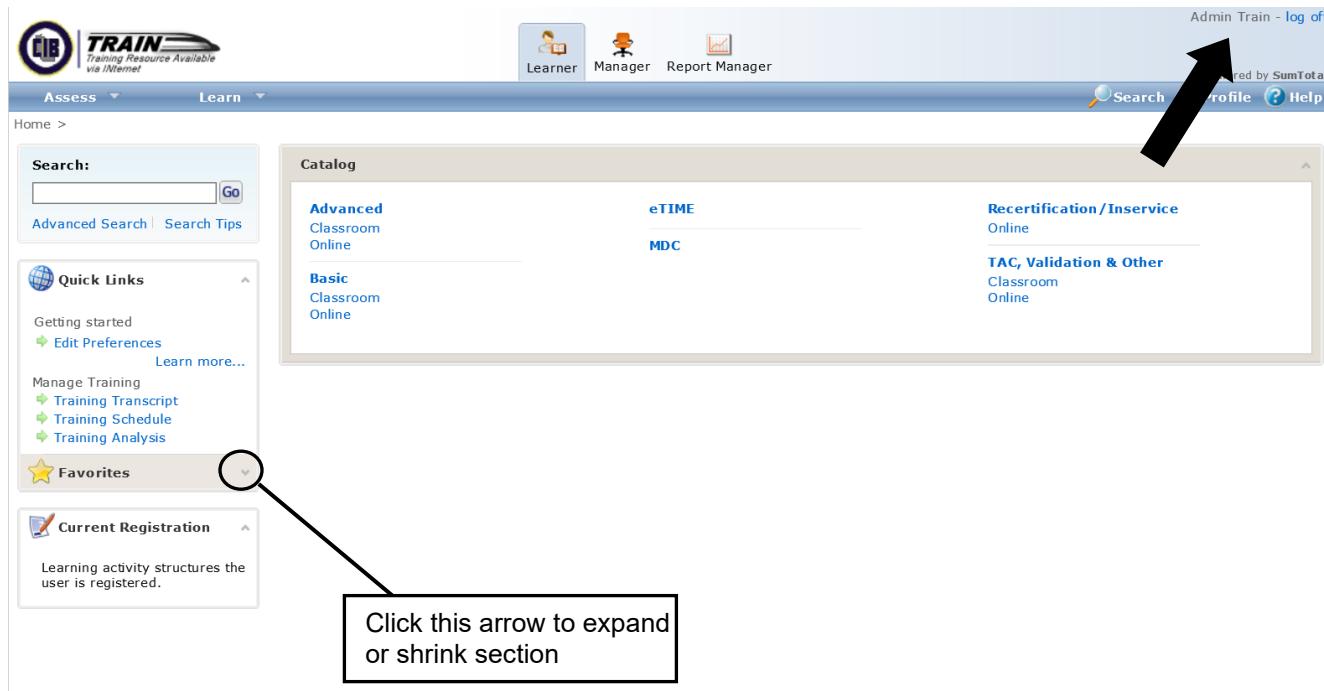

1. After successfully logging into Portal or TRAIN, try to log out using the log off menu option on the left side of the screen
2. Click the pop-up blocker icon on the far right of the address bar
3. Choose **Always allow pop-ups and redirects from...**
4. Click **Done**

If the above steps do not work, please contact the **TSCC at 608-266-7633** and the **TSCC operator may be able to provide you with advanced technical support.**

Home Page/News

Upon successfully logging in the learner's home page will be displayed. This home/news page allows CIB to provide users with current information and updates without waiting for the next training class or newsletter. This page may also list reminders regarding upcoming classes, current training classes, or certification expiration dates. These reminders only appear as the significant date nears. Current registrations listed here would be courses an employee has been registered for and has not yet completed.

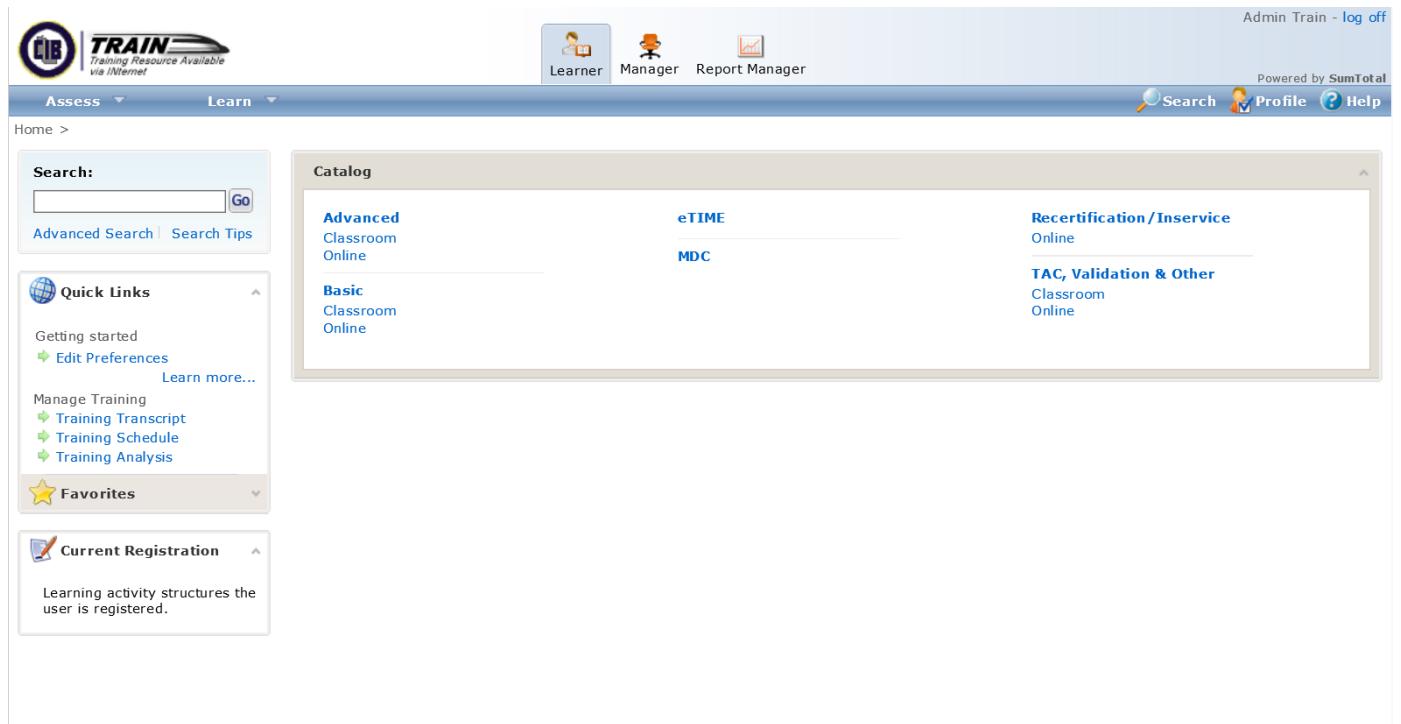

The screenshot shows the TRAIN system's home page. At the top, there's a navigation bar with icons for Learner, Manager, and Report Manager, and a link to 'Admin Train - log off'. Below the navigation bar is a search bar and a 'Profile' link. The main content area is divided into sections: 'Catalog' (Advanced, Classroom, Online; eTIME, MDC), 'Recertification/Inservice' (Online), and 'TAC, Validation & Other' (Classroom, Online). On the left, there's a sidebar with 'Search' fields, 'Quick Links' (Getting started, Edit Preferences, Learn more..., Manage Training, Training Transcript, Training Schedule, Training Analysis), 'Favorites' (with an expand/collapse arrow), and 'Current Registration' (with an expand/collapse arrow). A callout box with an arrow points to the expand/collapse arrow in the 'Favorites' section, with the text: 'Click this arrow to expand or shrink section'. Another callout box with an arrow points to the 'log off' link in the top right.

The left-hand side of the screen lists a variety of options, including Search, Quick Links, Favorites and Current Registration. Which choices are displayed here may vary if the learner has changed their display preferences as described later. Quick Links provides shortcut links to many common tasks in TRAIN. The Favorites feature allows learners to designate various TRAIN pages or courses as favorites and provides a shortcut to the favorite page. Current Registration lists what courses you currently have in progress and/or upcoming. Each of these lists may be expanded to display more information or shrunk, as the learner desires, by clicking on the arrow icon in the corner. When you are finished with the TRAIN system click on 'Log Off' in the upper right hand corner.

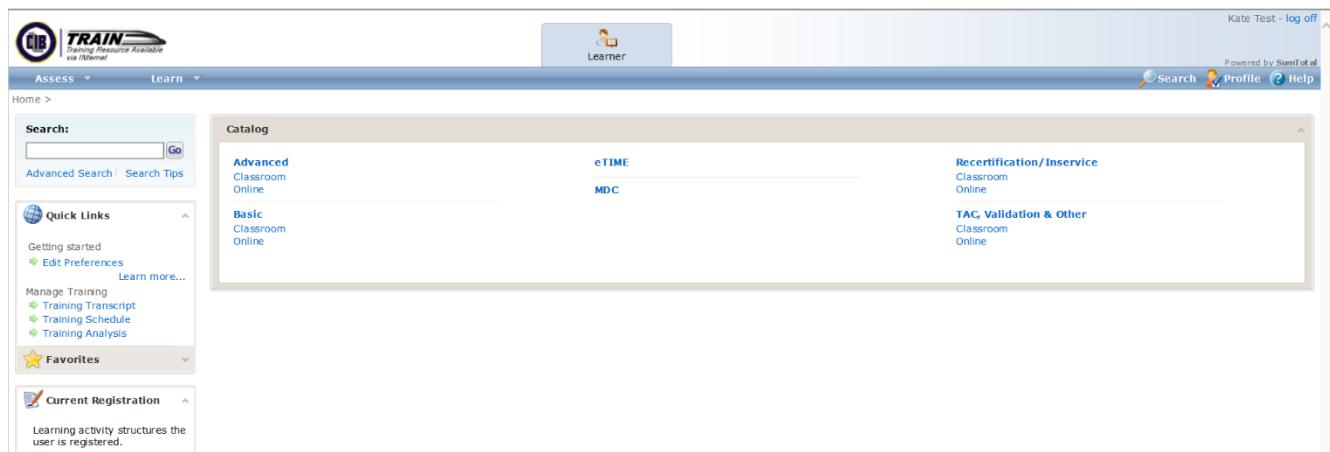

Training

TRAIN users may use the system to locate information on TIME System training offered by CIB, presented either online or in a classroom format. The Catalog provides a list of the various categories of TIME System training available. Some of the categories are further broken down to better describe offerings as either classroom or online courses.

The screenshot shows the TRAIN system homepage. At the top, there is a navigation bar with links for 'Assess' and 'Learn'. On the right side of the top bar, there are icons for 'Learner', 'Manager', and 'Report Manager', along with a 'log off' link. Below the top bar, the page title 'Home >' is followed by a 'Search' field and a 'Go' button. To the right of the search field, there is a 'Catalog' section. The 'Catalog' section is divided into several categories: 'Advanced Classroom Online', 'eTIME', 'MDC', 'Recertification / Inservice Classroom Online', and 'TAC, Validation & Other Classroom Online'. On the left side of the page, there are several expandable sections: 'Quick Links' (Getting started, Edit Preferences, Learn more..., Manage Training, Training Transcript, Training Schedule, Training Analysis), 'Favorites' (marked with a star icon), and 'Current Registration' (Learning activity structures the user is registered).

If you wish to view offerings for a specific course, click on the type of course (classroom or online) you prefer to see the offerings. For Advanced classroom course offerings, click on "Classroom" under the Advanced heading.

This screenshot is similar to the one above, but the 'Advanced Classroom Online' section in the Catalog is expanded, showing a list of specific course offerings. The 'Quick Links' and 'Current Registration' sections are also visible on the left.

A page appears that lists the Advanced Certification course offerings. For further information and class locations, click on the arrow to the left of the title and a list of class dates and locations will appear.

Viewing Your TIME System Certifications

The TRAIN System stores information regarding the TIME System classes you have taken and the TIME System certifications you have attained. You can log on to the TRAIN System at any time to review these records and see what certifications have been attained, and more importantly, when they expire.

Once logged on to the TRAIN System, certification information may be found by clicking on the 'Assess' menu in the upper left and choosing 'Training Analysis'.

Taking the Online Course

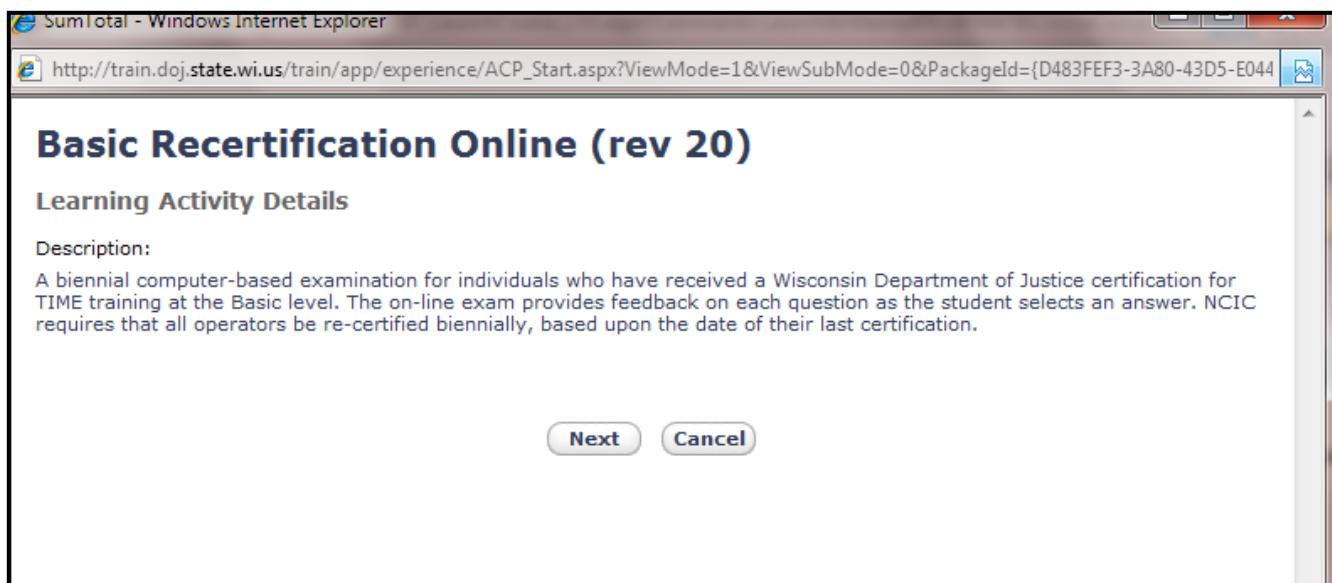

Once you have registered for an online class, the class information appears on your Home/News page as Current Registration. Before beginning your online class, ensure your Compatibility Settings are set properly following the guidelines on page 6. To begin taking the course, click on the class title.

The screenshot shows the TRAIN system interface. The top navigation bar includes 'Assess' and 'Learn' dropdowns, 'Learner', 'Manager', and 'Report Manager' buttons, and a 'Search' bar. The 'Learn' dropdown is expanded to show 'Catalog' with 'Advanced Classroom Online' and 'Basic Classroom Online' options, and 'eTIME' with 'MDC' and 'Recertification/Inservice Online' options. The 'Current Registration' section is expanded, showing 'Basic Recertification Online...' and 'eTIME Operator Online...' with a '(More...)' link. A green arrow points from the 'Start button' on the 'Activity Details' screen to the 'Basic Recertification Online...' class title in this list. A box labeled 'Class title' is placed over the 'Basic Recertification Online...' link.

An Activity Details screen appears for the class. To begin, click on the green arrow/start button.

The screenshot shows the 'Activity Details' screen for the 'Basic Recertification Online 2023 v1' class. The top navigation bar is identical to the previous screenshot. The 'Activity Details' section shows the class name and a toolbar with 'Cancel All', 'Start', and other buttons. A green arrow points from the 'Start button' on the 'Activity Details' screen to the 'Start' button in the toolbar. A box labeled 'Start button' is placed over the 'Start' button in the toolbar.

Several windows will begin to appear, and a course confirmation screen recaps what class you will be taking. If it is the correct class, click on next.

SumTotal - Windows Internet Explorer

Basic Recertification Online (rev 20)

Learning Activity Details

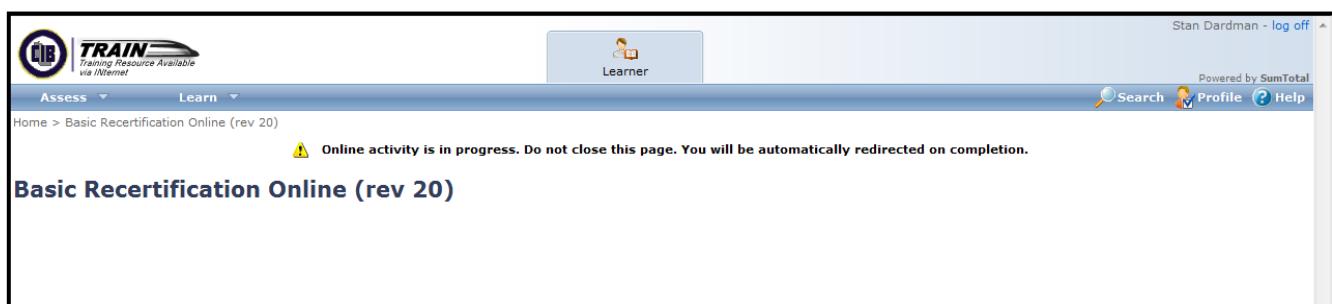

Description:

A biennial computer-based examination for individuals who have received a Wisconsin Department of Justice certification for TIME training at the Basic level. The on-line exam provides feedback on each question as the student selects an answer. NCIC requires that all operators be re-certified biennially, based upon the date of their last certification.

Next **Cancel**

The online course will launch in a separate window.

One of the windows that appear will contain the text "Online course in progress. Please do not close this page. You will be automatically redirected on completion." ***It is very important that upon completion of the online course you follow the instruction and do not close this window.*** Closing the window, rather than waiting as directed, may result in the loss of your class information from the TRAIN system. Be patient - it may take a minute for the window to finish processing and display further information.

100%

The last page of the course will require you to complete the event. First click on the 'Score Quiz' button to calculate your score, which will appear to the right of this button. The calculation process may take a few moments, please wait for the score to appear.

Once your score has been displayed, you must click on the 'Submit Score and Exit' button to complete the event. TRAIN will record your score and test details in the training database. **You must click on both the "Score Quiz" and the "Submit Score and Exit" to complete the course.**

If a failing score is received (less than 70%), you must have your TRAIN Administrator register you again for the event and retake the course. Once you have completed the course and submitted your score, you will return to the main TRAIN pages.

Complete test results are now included in your training record. In fact, after completion of the course you are presented with a 'Class Progress Detail Page' which includes class status information, elapsed time, score, etc. You may even view the details of what questions you answered correctly and incorrectly by clicking on the icon in the center of the page that looks like a magnifying glass.

Personalize Your Home/News Page

Each learner may personalize the appearance of this page to suit their personal preferences. To do so, simply click on the 'Edit Preferences' link in the Quick Links section on the left, or click the 'Profile' link in the upper right hand corner.

The screenshot shows the TRAIN website's Home page. On the left, there is a 'Quick Links' sidebar with a 'Edit Preferences' link under 'Getting started'. On the top right, there is a 'Profile' link. A callout box with the text 'Either link will allow access to user preferences' points to both the 'Edit Preferences' link and the 'Profile' link.

The learner is then presented with a screen that allows them to choose what items appear on their home page, and how many items are displayed. Add or remove check marks to indicate what options you wish to display on your Home/News page.

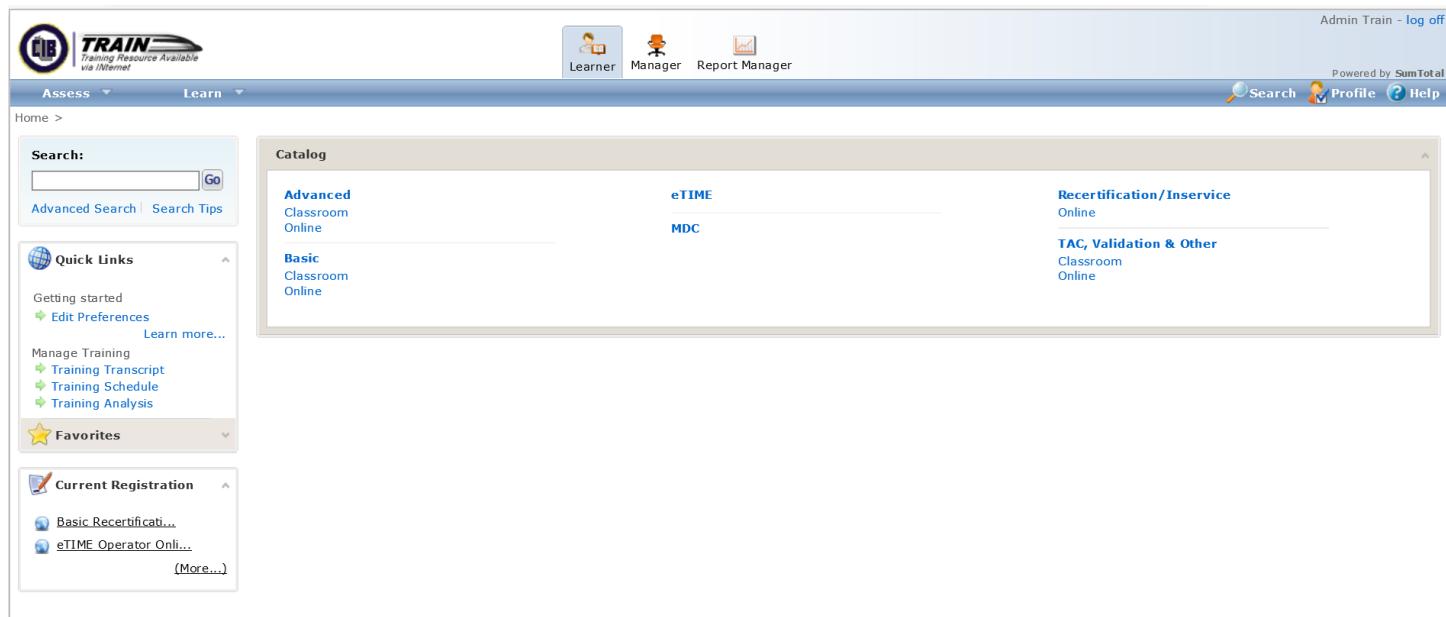

The screenshot shows the TRAIN website's 'Profile' page. The 'Preferences' tab is selected. It displays regional settings (English (United States) and Time zone (America/Chicago)) and a table of learner mode home page shortcuts. The table has columns for 'Name', 'Description', and 'Number of Links'. The 'Number of Links' column contains dropdown menus set to '5'. The 'Name' column lists 'Quick Links', 'Favorites', 'Catalog Search', and 'Current Registration', each with a checked checkbox.

Options:	Name	Description	Number of Links
<input checked="" type="checkbox"/>	Quick Links	Link to common task for user to get you started.	5

Registration (Administrators/Managers Only)

TRAIN allows only agency administrators to register for events.

To locate information on TIME System training offered by the CIB, presented either online or in a classroom format, simply go to the catalog where you will find an area listing the various categories of TIME System training available. Some of the categories are further broken down to better describe offerings as either classroom or online courses. The categories provide a shortcut to specific training topics.

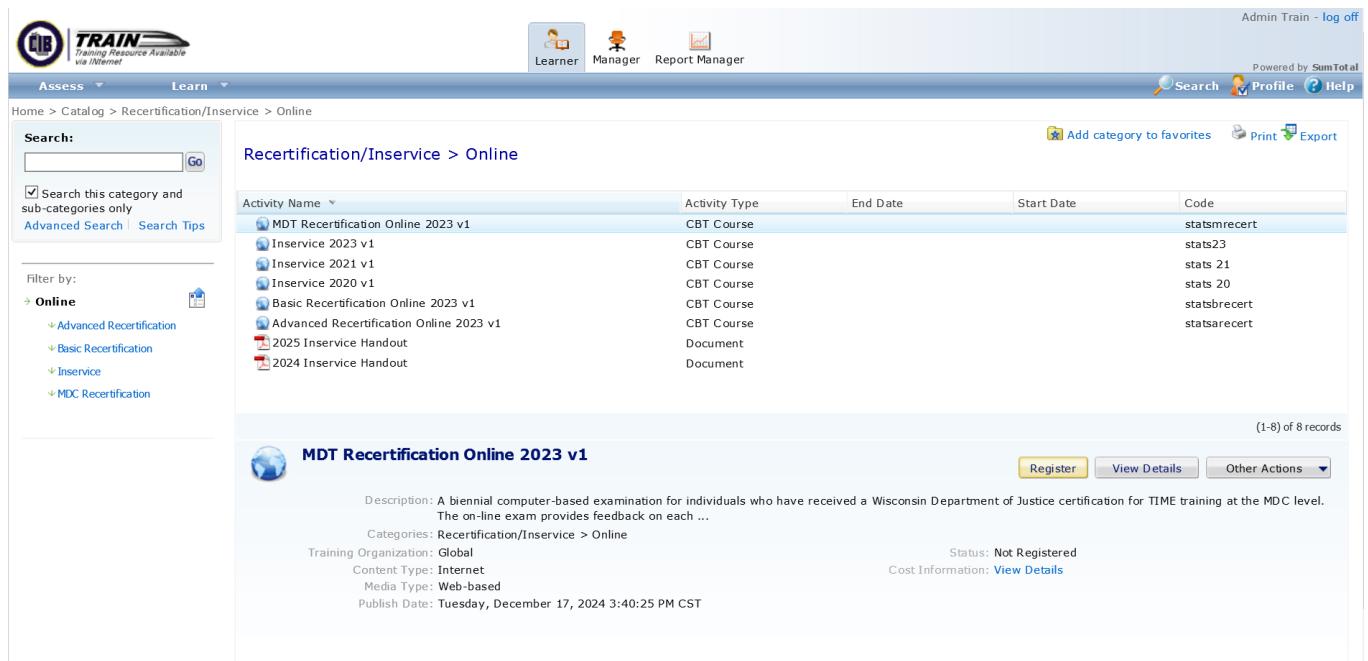

The screenshot shows the TRAIN system interface. At the top, there is a navigation bar with links for 'Assess' and 'Learn'. On the right side of the top bar, there are icons for 'Learner', 'Manager', and 'Report Manager', along with a 'Search' button, a 'Profile' link, and a 'Help' link. The main content area is titled 'Catalog' and contains several categories of training:

- Advanced**: Classroom, Online
- eTIME**: MDC
- Recertification/Inservice**: Online
- TAC, Validation & Other**: Classroom, Online

On the left side, there is a 'Quick Links' sidebar with links to 'Getting started', 'Edit Preferences', 'Learn more...', 'Manage Training' (with sub-links for 'Training Transcript', 'Training Schedule', and 'Training Analysis'), and a 'Favorites' section. Below the sidebar is a 'Current Registration' section with links to 'Basic Recertificati...' and 'eTIME Operator Onli...'. At the bottom right of the catalog area, there is a note: '(More...)

Click on the title of the information you wish to access. If you want to locate a classroom recertification to attend, click on 'Classroom' under 'Recertification'. TRAIN will then take you to a page providing basic information about the training. As always, users may have to scroll down to view all available information.

A page appears that lists the types of classroom recertification courses that are available: MDT, Advanced and Basic. For further information, click on the “View Details” button at the bottom.

The screenshot shows a web-based application for managing training resources. The top navigation bar includes links for 'Assess', 'Learn', 'Learner', 'Manager', 'Report Manager', 'Search', 'Profile', and 'Help'. The main content area is titled 'Recertification/Inservice > Online'. On the left, there is a search bar and a 'Filter by' section with a 'Online' category expanded, showing sub-options: 'Advanced Recertification', 'Basic Recertification', 'Inservice', and 'MDC Recertification'. A checkbox 'Search this category and sub-categories only' is checked. Below the search bar is an 'Advanced Search' and 'Search Tips' link. The main table lists the following courses:

Activity Name	Activity Type	End Date	Start Date	Code
MDT Recertification Online 2023 v1	CBT Course			statsmrecert
Inservice 2023 v1	CBT Course			stats23
Inservice 2021 v1	CBT Course			stats 21
Inservice 2020 v1	CBT Course			stats 20
Basic Recertification Online 2023 v1	CBT Course			statsbrecert
Advanced Recertification Online 2023 v1	CBT Course			statsarecert
2025 Inservice Handout	Document			
2024 Inservice Handout	Document			

Below the table, a specific course is highlighted: 'MDT Recertification Online 2023 v1'. Its details are shown in a box:

MDT Recertification Online 2023 v1

Description: A biennial computer-based examination for individuals who have received a Wisconsin Department of Justice certification for TIME training at the MDC level. The on-line exam provides feedback on each ...

Buttons: Register, View Details, Other Actions

To register yourself for the class, click on the ‘Register’ button. To register other department members for the class, click on the ‘Other Actions’ button and select ‘Register Others’ from the menu that appears.

The screenshot shows the same TRAIN system interface as the previous one, but with a callout box and arrows highlighting the registration process for the 'MDT Recertification Online 2023 v1' course. A large yellow box surrounds the course details for 'MDT Recertification Online 2023 v1'. A callout box with the text 'Click on desired button to register yourself or others' is positioned over the 'Register' and 'Other Actions' buttons. Arrows point from the text in the callout box to each of these two buttons.

A registration screen will appear. Choose the class you wish to register users for. Select the class by clicking on the radio button to the left of the class name, then click on the 'Continue' button located further down on the screen. You may have to use your scroll bar to make this button visible.

Batch Registration

You can select multiple users and register them all simultaneously for an activity. First, select the activity or activity structure and click Continue. Then add users to your available list. From this list, select users to send to the roster or the waiting list. When you are done, click Submit to process the batch of users or if payment is required, click Purchase.

Another screen appears asking what method you would like to use to select users. 'Select Viewable Users' will present a list of all users you are authorized to view, so click on 'Next'. A list of users appears. Select those you wish to add to your list by clicking and adding a check in the box to the left of their name, and click on 'OK'.

Your list of employees reappears and now contains the names of those you added. You may continue to add employees as needed. To continue with the registration process, select those you wish to register by clicking to place a check mark in the box to the left of their name. The entire list of employees may be selected by placing a check mark in the box to the left of the 'Name' column label. If the box is not checked, they will not be registered.

When you are certain the list in the Registration section contains those you wish to register, click on the submit button down below. TRAIN will process the registrations and if registration is successful, TRAIN will return you to a class listing screen. TRAIN has built in measures that prohibit a TRAIN administrator from registering a learner for the same class or module more than once. If the learner does not appear as a choice in the list of, it is likely because they are already registered for that particular class.

Is My Employee Registered? (Administrators/Managers Only)

Agency administrators can also check to see if their employee is registered for a particular class. While in the manager mode, locate the user whose training you wish to review. You may search for a user by either clicking on the 'Select Another User' link in the Quick Links area on the left, or, in the upper right hand corner, click on 'Change View' link.

Remember to click here to switch to manager mode

TIME SYSTEM INSERVICE - A new choice is available when registering for TIME System recertification classes: INSERVICE ONLY.

TIME System inservice/recertification classes have routinely been offered, with the inservice portion taking place in the morning, and the recertification exam being administered in the afternoon. In the past personnel attending were registered for either the advanced or basic recertification.

TRAIN now allows agencies to register personnel to attend the morning inservice portion of the class only. Inservice sessions are listed in the 'Recertification/Inservice' section and are designated INSERVICE ONLY. Those registered for INSERVICE ONLY are expected to attend the morning inservice session, but are not required to return for the afternoon recertification exam.

Quick links

- Select another user or your workgroup

For more information, refer to Getting Started with TotalMS

No matter which option you choose a 'Select User' screen appears, allowing you to search for the user you wish to view. If you wish to view a listing of all users you are allowed to view, ensure the button to the left of 'Workgroup of all viewable users' is marked and click the 'Go' button. Once the listing appears, select the user you wish to view and click 'OK'.

A summary screen appears, listing basic information about the user. To view training details, click on the 'Learn' menu in the upper left and select 'Training Schedule'.

The screenshot shows the TRAIN system's profile page. The 'Learn' menu is expanded, with 'Training Schedule' highlighted. The main content area displays user profile information, organization details, and job information. The 'Catalog' section is also visible at the bottom.

User Profile:

- Position: Manager
- Username: dardms949
- Primary job: MDT operator
- Primary organization: TRAIN Police Department
- Code:
- Internal user: Yes
- Status:
- Time zone: America/Chicago

Canceling Registration (Administrators/Managers Only)

With access to TRAIN's online registration functions, agency administrators have the ability to cancel a registration for department personnel. This may be necessary due to scheduling changes, employee illness, etc. From the screen, on the previous page listing the employee's training, select the class by placing a check mark in the box to the left of the class title. Then click on the 'Go' button located to the right of the 'Task' box.

Reports (Administrators/Managers Only)

The TRAIN system allows local agency administrators the ability to access reports that provide information on the agency's TIME System trained personnel. Only agency administrators may access these reporting functions. To access these functions, administrators must click on the report manager icon.

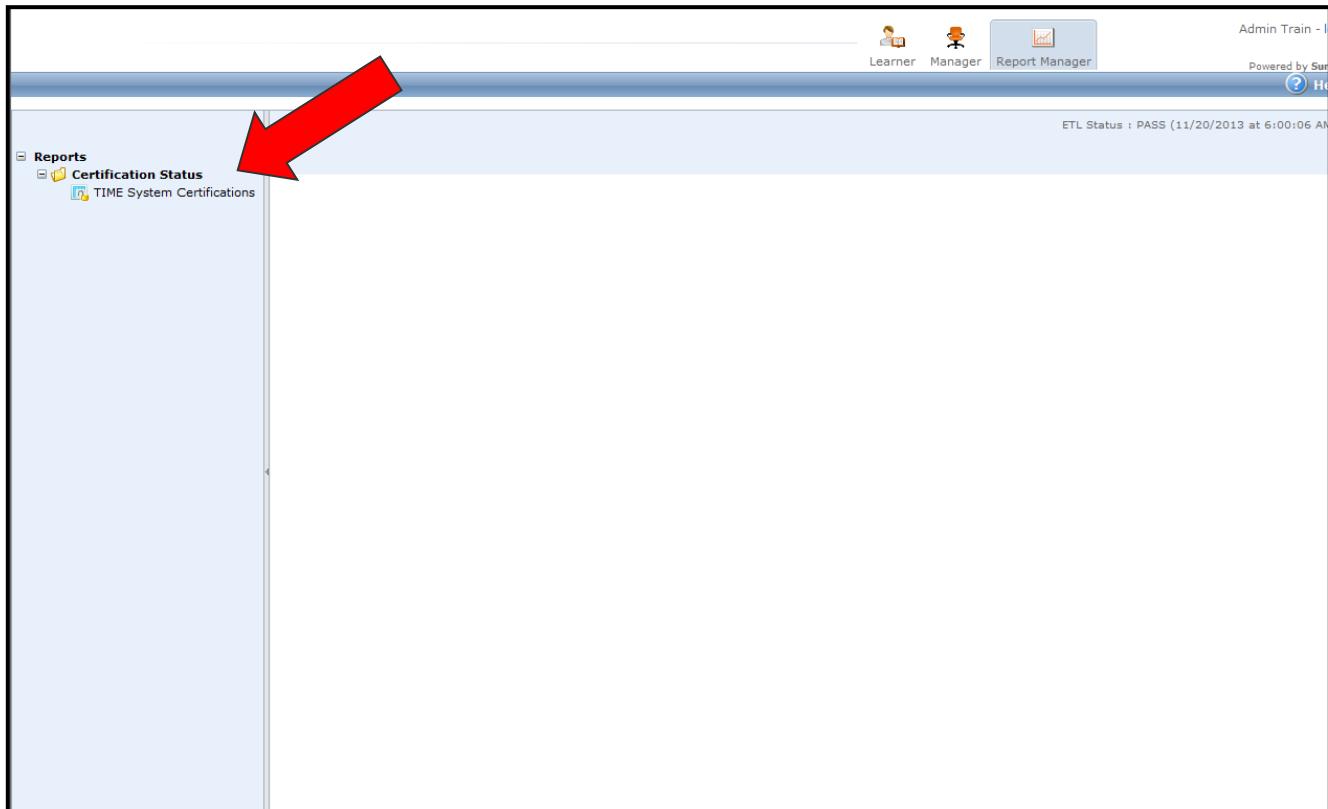

A screenshot of the TRAIN system interface. At the top, there is a navigation bar with icons for Learner, Manager, and Report Manager. A large red arrow points to the Report Manager icon. The main content area is titled 'Catalog' and contains sections for 'Advanced' (Classroom, Online), 'eTIME' (MDC), and 'Recertification/Inservice' (Online, TAC, Validation & Other, Classroom, Online). On the left side, there are 'Quick Links' for Getting started, Edit Preferences, Learn more..., Manage Training (Training Transcript, Training Schedule, Training Analysis), and Favorites. There is also a 'Current Registration' section. The URL in the browser is train.doj.state.wi.us/train/app/management/LMS_LearnerHome.aspx.

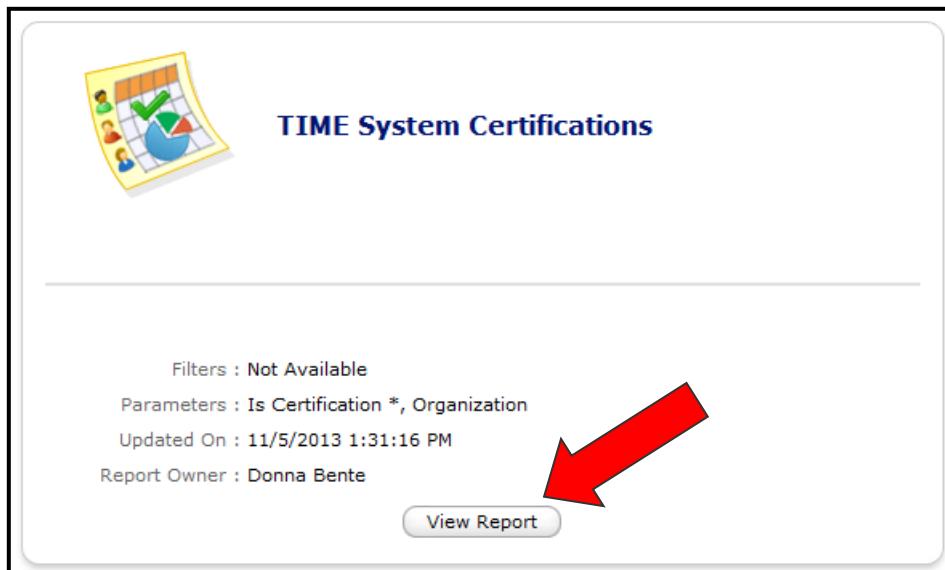

TRAIN is only compatible with the Edge browser in IE mode.

One of the more common requests received from agencies is a request for an agency roster. TRAIN allows agency administrators to access a listing of all department employees with TIME System certification, including information on certification level and expiration dates. The **current and expired** certifications will appear on the same report; be sure to be observant of the expiration dates.

The panel on the left of the report manager screen lists the report available to users. The report is listed in a topical folder – the Certifications Status folder. Click on the ‘+’ sign to the left of the folder to open the folder and view the “TIME System certification report.” Click on the report to open it.

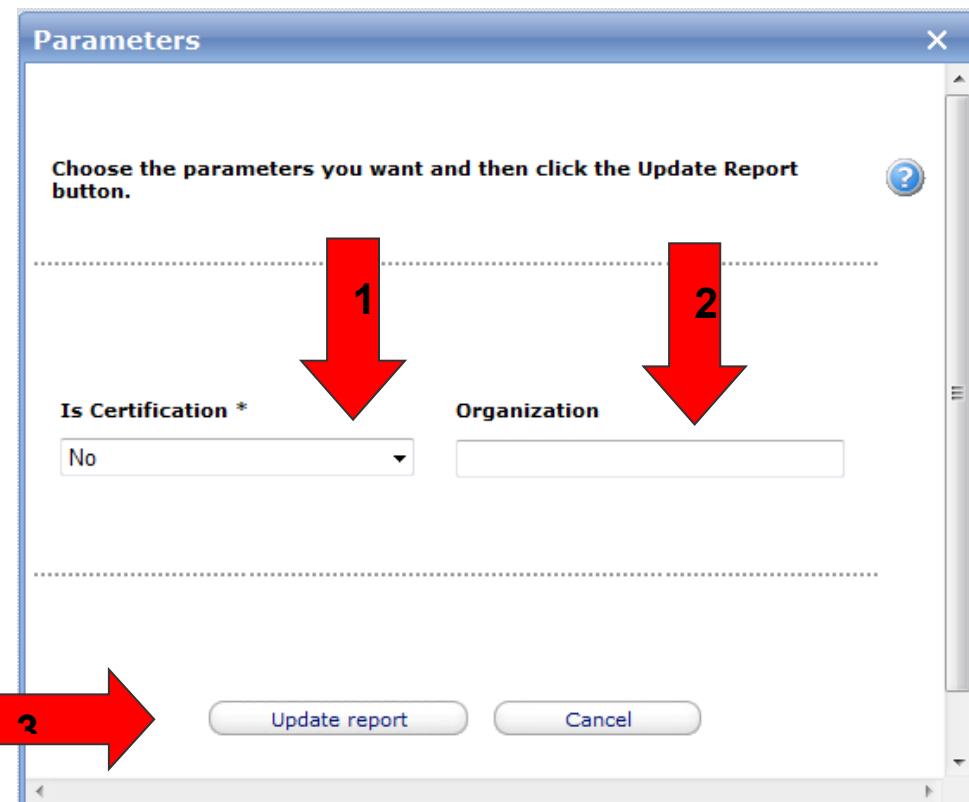

Information on the report will appear in the window on the right side of the screen. Click the “view report” icon.

A window will pop up, requesting the operator to specify two parameters for the report. The parameter for “Is Certification” should be changed to “Yes”. The agency name, such as “Madison Police,” should be entered in the “Organization” field.

Finally, click on the “Update Report” button. The report will only run if “Update Report” is clicked, simply pressing the enter key will not work.

A message indicating “Loading content please wait” should appear in the window on the right side of the screen. The number of employees in your organization may affect processing time. When processing is complete, the report will appear on the right hand half of the report manager screen.

The report may be reviewed on the screen, or may be exported to an Excel spreadsheet or Adobe PDF and saved. To export the report information to an Excel spreadsheet, click on the Export icon on the task bar found above and to the right of the report.

Once you have completed all desired reporting activities, you will be forced to log out of TRAIN and will need to log back in before you will be able to use the learner or manager icons. To avoid the forced log out, you can duplicate your browser tab to have one opened to TRAIN learn/manager and one to report manager.
