PRIOR LEARNING ASSESSMENT METHODS RECOGNIZED IN EVALUATING COLLEGE CREDIT WAIVERS

ACE Military Evaluation Program

College credits may be granted for military service school courses and skills if the awarding of credit is recommended in the current edition of the American Council on Education (ACE) publication, *a Guide to the Evaluation of Educational Experiences in the Armed Services*.

The old AARTS and SMART have merged into the Joint Service Transcript (JST) which is what the LESB will review and evaluate when making a decision regarding how many credits to waive for prior military service. Additional information regarding the JST may be found here: <https://jst.doded.mil>

Credit for Completion of the Wisconsin DOC Correctional Officer Academy, or for Completion of the Law Enforcement Academy, Jail, or Secure Juvenile Detention Academy at an Employer-Based Academy

- 8 college credits may be waived for completion of the Wisconsin Department of Correction's correctional officer academy.
- 20 college credits may be waived for completion of the 720-hour law enforcement officer training academy.
- 17 college credits may be waived for completion of the 520-hour law enforcement officer training academy.
- 5 college credits may be waived for completion of the 200-hour jail officer training academy.
- 4 college credits may be waived for completion of the 160-hour or 184-hour secure juvenile detention officer training academy.

Credit by Examination

CLEP

The most widely recognized credit by examination program is the College-Level Examination Program, known as CLEP. CLEP examinations cover material taught in courses that most students take as requirements in the first two years of college. Many CLEP examinations are designed to correspond to one-semester courses; some, however, correspond to full-year or two-year courses. Each CLEP examination is 90 minutes in length.

Go to the CLEP website for more information on CLEP examinations and for testing locations: <http://clep.collegeboard.org/>.

DSST (formerly known as DANTES)

The DSST program is an extensive series of 38 examinations in college subject areas that are comparable to the final or end-of-course examinations in undergraduate courses. ACE recommends 3 semester hours of credit per test.

Go to the DSST website for more information on DSST examinations and for testing locations: <http://www.getcollegecredit.com/>.

College Credits from an Overseas Institution

College credits from an overseas institution are acceptable to meet the eligibility requirement contingent upon an assessment of the transcript by a professional evaluation service agency recognized by the National Association of Credential Evaluation Services: <https://www.naces.org/members>.

Other Prior Learning Assessment Methods

The LESB will consider credit recommendations via other prior learning assessment methods on a case-by-case basis. Examples include College Board Advanced Placement Examinations, Excelsior College Examinations (ECE), and the American Council on Education Program on Non-Collegiate Sponsored Instruction (ACE/PONSI).
